

What is the Notice of Privacy Practices?

The Notice of Privacy Practices is a legal document that is developed by the practice that states what the practice will do to protect each patient's rights.

At Family Care Associates, our Notice of Privacy Practices (also known as the NPP) is posted on the wall directly across from our main office entrance.

We will ask you to sign and date the NPP marker on the front of your chart to signify that you have reviewed this notice and that we have shown you where the notice is posted in our office.

Should you have any questions regarding this notice or concerns about your privacy, please do not hesitate to contact our Practice Manager, Cora Schrader at 781-235-1606
